## BOOK SYNOPSIS

A new Outlander novel — the seventh — from #1 National Bestselling author Diana Gabaldon. Readers have been waiting with bated breath for the seventh volume in bestselling author Diana Gabaldon's epic Outlander saga — a masterpiece of historical fiction featuring Jamie and Claire, from one of the genre's most popular and beloved authors. Jamie Fraser, erstwhile Jacobite and reluctant rebel, knows three things about the American rebellion: the Americans will win, unlikely as that seems in 1778; being on the winning side is no guarantee of survival; and he'd rather die than face his illegitimate son — a young lieutenant in the British Army — across the barrel of a gun. Fraser's time-travelling wife, Claire, also knows a couple of things: that the Americans will win, but that the ultimate price of victory is a mystery. What she does believe is that the price won't include Jamie's life or happiness — not if she has anything to say. Claire's grown daughter Brianna, and her husband, Roger, watch the unfolding of Brianna's parents' history — a past that may be sneaking up behind their own family. From the Hardcover edition.
