## BOOK SYNOPSIS

This book, a new translation (with introduction and notes) of *Il Libro dell'Arte*, marks a great step forward in our understanding of Cennino Cennini - his life and times - and the materials and techniques employed by artists in fourteenth century Italy. Over eighty years ago, D. V. Thompson presented his translation entitled *The Craftsmans Handbook* as a workshop manual aimed at readers who wished to produce a work of art by following Cenninos instructions. The present volume not only establishes more precisely what Cennino actually wrote, by correcting more than 400 errors in Thompsons text, but also includes the transcribed Italian text and very extensive notes on both the language and the technical descriptions. In addition, the authors most informative introduction places Cennino in context and accounts for the genesis of the *libro dellarte* by reference to the society in which it was produced. This volume is a landmark text for students and professionals in the field of art history. Contents: Foreword; Acknowledgements; Introduction; Why a new translation?; Who was Cennino Cennini?; What is the *Libro dellarte*?; The transmission and translation of the *Libro dellarte*; Notes on the transcription; Notes on the translation; *Il libro dellarte*: English translation and commentary and Italian transcription; Notes on substantive differences from Thompsons translation; Appendix; Bibliography.

### **CENNINO CENNINIS IL LIBRO DELLARTE A NEW ENGLISH LANGUAGE TRANSLATION AND COMMENTARY AND ITALIAN TRANSCRIPTION**
