BOOK SYNOPSIS

Author Stephen Bentley tells of his experiences as a British expat in facing the culture shock of driving on the roads of Bacolod in the Philippines. "How to Drive Like an Idiot in Bacolod" includes real-life examples of some of the idiotic driving seen on Bacolod's highways. They are not isolated cases but indicative of the chaos on the streets. The author catalogues a list of defensive driving tips based on his impressive credentials as a driver including a background as a UK police-trained driver. This advice helps both Bacolod residents and travelers alike in how to survive in the midst of chaos. "... From drivers, pedestrians and the ubiquitous city street vendors, we can learn more than just a thing or two on how we should conduct ourselves safely on the road from the characteristically tongue-in-cheek British wit and sometimes audaciously blunt observations of the author as he manoeuvres in Bacolod traffic. Next to getting behind the wheel of a vehicle, this book is the closest you can get to experience "How to Drive Like an Idiot in Bacolod." - R. BUTCH S. BACAOCO, Former Editor-in-Chief, Sun.Star Bacolod Newspaper
