BOOK SYNOPSIS

Milady Standard Nail Technology, 7th Edition is packed with new and updated information on several important topics including infection control, manicuring, pedicuring, chemistry, UV gels, and the salon business. Brand new procedural photography enhances step-by-step instructions for the student. Also included, is a new "Why Study?" section at the beginning of each chapter, outlining the importance of understanding the concepts presented. Chapter objectives have also been revised to provide students and instructors with measureable, outcomes-based goals that can later be assessed using the end-of-chapter review questions. This latest edition of Milady Standard Nail Technology gives the aspiring nail technician the tools they need to launch themselves into a rewarding and successful career. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
