## BOOK SYNOPSIS

This modular version of Myers's full-length text, *Psychology*, reflects the authors' research-supported belief that many students learn better using a text comprised of brief modules, as opposed to standard-length chapters. *Psychology*, Eighth Edition, in Modules breaks down the 18 chapters of *Psychology* into 58 short modules, retaining that acclaimed text's captivating writing, superior pedagogy, and wealth of references to recent cutting-edge research. The modular version has its own extensive media and supplements package, with content organized to match its table of contents.
