BOOK SYNOPSIS

This renowned Canadian text utilizes a storytelling approach to make social psychology relevant and interesting for students. It presents the science of social psychology in a conversational manner that captures students interest without compromising scientific rigour. Real-world examples, practical application questions, and mini-stories woven throughout each chapter help students relate to difficult topics and understand the concepts in terms of their own lives. Note: You are purchasing a standalone product; REVEL does not come packaged with this content. Students, if interested in purchasing this title with REVEL, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and REVEL, search for: Package consists of:
